The future of supply chain
14:00 - 14:20
- Market outlook: Trends, challenges, initiatives, and opportunities

Pushing for digital transformation in the age of resilience: Effects on both, enterprise and environment
14:20 - 14:40
- Has third party collaboration in oil and gas raised the operation risk ultimately affecting its efficiency?
- The decarbonization agenda

Case Study: Understanding how the Serum Institute of India (SII) amped up the production and distribution of the COVID-19 vaccine
14:40 - 15:00
The role of digitalisation in manufacturing, revamping the supply chain and facilities support by health authorities

Dual Discussion: Rebuilding capabilities and new business models to meet customer demands
15:00 - 15:20
- Impact on the production and distribution
- Does understanding consumer behavior help in securing the supply chain?

Participants
Hassan Jamaleddine - Head of Supply Chain, NewBridge pharmaceuticals, UAE

The sustainability challenge: Making supply chains more sustainable
15:20 - 15:40
- Key sustainability strategies
- Advantage over competitors
- In-depth insights into the supply chain ecosystem

Participants
Tom Raftery - Global Vice President, Futurist & Innovation Evangelist, SAP

Case Study: Leading from the front - Rolls Royce's efforts in its fight against the pandemic
15:40 - 16:00
- Innovation in supply chain
- Role of 3Cs – Communication, Collaboration and Continuation

How new technologies can support innovation and sustainability in the supply chain ecosystem
16:00 - 16:20
- Analysing the impact of blockchain on the supply chain ecosystem
- Sustainability and innovation
- Redefining goals and strategies

Participants
Karl W. Feilder - Founder & CEO, Neutral Fuels

Interactive Session: Identifying the core competency of the supply chain ecosystem
16:20 - 16:40

Supply chain: Achieving business excellence through accelerated digital transformation
16:40 - 17:00
- Integration of digital applications into existing legacy systems
- Collection of data from disparate sources to enhance efficiency

End of event
17:00 - 17:05
